## International Conference on MACHINE INTELLIGENCE AND EMERGING TECHNOLOGIES

Venue: **Noakhali Science and Technology University**  
Noakhali, Bangladesh

**September 23-25, 2022**

International Conference on Machine Intelligence and Emerging Technologies 2022 (MIET 2022) is going to organize by Noakhali Science and Technology University, Noakhali, 3814, Bangladesh. This event aims to provide an opportunity to engage researchers, academicians, industry professionals, and experts of the multi-disciplinary fields and share their cutting-edge results gained through the application of Machine Learning, Data Science, Internet of Things, Cloud Computing, Sensing, and Security. Researchers of the relevant fields invite to submit their original, novel, and extended unpublished works at this conference. We hope MIET 2022 is going to be a good platform for researchers that will propel us towards the 4.0 industrial revolution.
